**Expanded Federal Program Puts TAX-FREE Dollars In Your Pocket!**

If you own your own home and are 62 years of age or older, you may qualify for a federal program that permits you to **use the equity in your home to reduce or eliminate your current mortgage payment or, if your home has a small or no mortgage, generate a TAX-FREE source of additional income that doesn't have to be paid back in your, or your spouses, lifetime.**

There are no income qualifications for this program and you can use the cash any way you like. Most importantly, you have the security of knowing you can never be forced to move from your home.

**Get the facts without cost or obligation.**
