

**SENIORS!
IT'S TIME TO "RISK-PROOF" YOUR RETIREMENT ASSETS.**

AARP has reported that retiree's, and near retiree's, should regularly review their retirement stock portfolio. With today's gyrating stock market, ask yourself this question -- Is it wise to keep your hard earned retirement assets at risk when there is **an option that will allow you to participate in stock market gains without the possibility of loss to your portfolio's value? GUARANTEED.**

**If You're 62+
You'll Want This
FREE INFORMATION.**

Return this card today, without cost or obligation for complete details on a government approved, **GUARANTEED** program that can provide you with all the benefits of a rising stock market without risk of loss to your principal. If the market rises - you participate in the gains. If the market falls - you lose nothing.

Secure your financial future. Return this postage-paid card today!
